FINAL PAYMENT INSTRUCTIONS

The 2008 SAAST Program Fee is \$5,375 and must be paid in full by June 16, 2008. **All final payments by credit card must be submitted online.** This is to ensure timely processing. Please go to the following website to make your payment. (A link is also posted on our “forms” page.)
<https://www.seattletech.com/registrations/index.php?886-10013-i-t>

Please note that the credit card processing system refers to your “registration”. In fact, since you have sent in a deposit, you are already registered for SAAST.

You will need to compute the balance due and enter that amount into page 3 of the webform. The webform does not take into account any previous payments you have made, including the \$300 deposit and any financial aid you may have received. Therefore, please use the table below to calculate your final balance due.

Please note that the \$50 application fee does *not* count toward the program fee, but the \$300 deposit does. Therefore, if you pay \$5,075, it will show a balance due of \$300. If you have already paid the deposit, **you may ignore that.** We will inform you if there is any problem or balance due.
