DIGITAL MEDIA DESIGN
Bachelor of Science in Engineering Degree Program
School of Engineering and Applied Science

INTERNAL TRANSFER APPLICATION

DMD is a selective program. Application for internal transfer into the program will be considered at the end of each academic semester, though freshman must complete 8 CUs at Penn prior to application. Applications are due by Dec. 15th for spring admission and May 15th for fall admission. Your GPA is not the only factor the DMD transfer committee will look at. We will also take into account your academic rigor while at Penn, and the quality of your DMD essay.

Eligibility

If you are a Penn student in one of the four undergraduate schools, you are eligible to apply at the end of your freshman year (that is, after two semesters at Penn). Dual degree is possible, but not recommended.

Academic Requirements

You must have a cumulative GPA of 3.3 or higher. You must have completed at least eight Penn course units.

You must resolve any open grading issues (Incompletes, NRs, GRs) before applying.

Course prerequisites

In addition to the above requirements, you must successfully complete the courses listed below before we can consider your application. Note that you can use "Penn-equivalent credit", such as AP credit, course waivers, credit issued for departmental exams, or transfer credit from other institutions to fulfill a number of these requirements: MATH 114, and/or CIS 160, PHYS 150, CIS110 and/or CIS120 and a Fine Arts course at Penn (FNAR123 235 and 264 are recommended).

Instructions:

Schedule a meeting with either Amy Calhoun (cal1ATseas.upenn.edu) or Norman Badler (badlerATcis.upenn.edu) to discuss your interest in the program and your ability to complete the program with your current course-work.

Please submit the following materials to the RAS Office (109 Towne) by the end of the academic semester:

A completed DMD application form; a completed four-year academic plan, an Internal Transfer Application (if you are not a SEAS student) completed and signed by your current home school, and a link to your portfolio.

DIGITAL MEDIA DESIGN PROGRAM
INTERNAL TRANSFER APPLICATION

_____   _____   _____
Last Name   First Name   Student Identification Number

_____   _____   _____ _____
Email Address   Current UG School   Current Major   Exp. Grad Date

1. Essay: Please attach a brief one-page essay discussing your interest in Digital Media Design. How might this program help you meet your personal and intellectual goals?

2. Career Goals: Please tell us about what you see yourself doing right after you graduate, and five years after that time.

3. Portfolio materials: Please submit any creative work you may have (e.g., drawings, sketches, computer programs, photography, videography) as part of your application. These materials should be supplied digitally through a link to a portfolio, or through thumb drive. **Do not submit originals.**

4. Supplemental information: Please feel free to provide names and contact information (tel. number, email) of up to three persons (e.g., faculty members, former employers) who may objectively comment on your character and abilities.

5.
    Students currently enrolled in a school other than SEAS: If not admitted to DMD, do you wish to be considered for transfer into the BAS degree in Computer Science or the BSE degree in Computer Science?

              Yes   No

Signed: _____   Date: _____

DEADLINE: MAY 15th for Fall admission, and DECEMBER 15th for Spring admission.
Return the completed application form to: Penn Engineering Office of Research and Academic Services, 109 Towne Building
