March 17, 2003

# Today

---

- **Due: project proposals**
- We're going to come up with some algorithms for common operations:
  - Select
  - Project
  - Join
  - Group/aggregate
  - Distinct
- Also: your chance to give feedback on the course so far

# Starting off...

---

- What are the toolkit of techniques at our disposal, covered on Monday?
- Let's look at applying them to each of our operators now...
